**HENHOUSE**, 5533 Young St., 902-423-4499; 888-423-4499; [henhouse.ca](http://henhouse.ca)

**hydrostone market** On any Saturday, Henhouse buzzes with customers visiting not only this shop, but Hydrostone Market's other sweet 'n' chic boutiques like the yarn emporium, gardening shop, craft store, even the spa. At the finale, presumably, they collapse at the patisserie for drool-inspiring baked goods. There are worse ways to spend a day!

**made to order** Friends Sappho Griffin and Denise Coulter moved all the way from British Columbia to Nova Scotia to open Henhouse (read about their cross-country backstory on [styleathome.com](http://styleathome.com)). Their specialty? Locally made custom furniture in solid wood, like wardrobes from \$2,200 each, harvest tables from \$1,700 each, and beds like the four-panel birch in light Chestnut, \$1,850 each (shown).

**grab & go** Take home all-natural bedding, like hemp ramie pillowcases, \$61 a pair, matching duvet covers,

\$286 each, and natural cotton fitted crib sheets, \$42 each. Other prêt-à-porter picks: blue-and-white porcelain knobs, \$4 each, locally loomed cotton chenille face cloths, from \$10 each, and cutie-pie sock monkeys, from \$18 each.
